KENYA MEDICAL TRAINING COLLEGE
P.O. BOX 30195-00100
NAIROBI

Date..... April 30, 2021.....

To all Principals
Kenya Medical Training College

Reminder on observation of the COVID-19 Protocols

As you are aware, Kenya is now on the third wave of the Coronavirus Pandemic which has seen an increase in the infection rates across the country. This has led to closure of schools and training institution and lockdown of five counties. However, Medical Training Colleges including the KMTC were allowed to continue training, on condition that COVID protocols were strictly adhered to.

This is therefore to remind you that as you continue with the teaching and learning in the College, you should ensure that the protocols laid down by the Ministry of Health are not violated.

Some of the general protocols that should be observed by the students and staff include:

1. Observe strict social distancing
2. Monitoring of temperatures
3. Ensuring regular hand washing/use of sanitizers
4. Proper use of face masks at all times
5. Restricting activities involving gathering of large groups
6. Continuous monitoring and evaluation of the situation

Please take note.

Thank you

Dr. Nyawira Mwangi
FOR CHIEF EXECUTIVE OFFICER
